

STEADICAM Letter

NEWS FOR OPERATORS AND OWNERS

SUBSCRIPTION OFFER

Living Masters to Assemble

First Master's Workshop set for June 5th- 11th at Rockport, Maine.

Garrett Brown, Larry McConkey and Friends will moderate the first-ever "Master's Workshop" exclusively for advanced Steadicam Owner/Operators. Up to twenty-four "LM's" will meet in Rockport early in June to advance the State-of-the-Art with (no beginners in sight!). We will share ideas, techniques, tricks and hardware - and lots of shots and hard work. All participants must bring their own Steadicam and camera. Tuition is \$500 for the week (Garrett and Larry are also paying), and a breakfast and lunch meal package is available for \$110, including Lobster dinner/Wrap-Party. The Maine Workshop can arrange lodging at your expense. Those attending from outside the US

and Canada, do not need to bring equipment.

For information, either return the form on the back of this page with your deposit, or contact the Maine Photographic Workshop, Rockport, Maine, 04856 (207) 236 8581. See you there!

Subscription Available

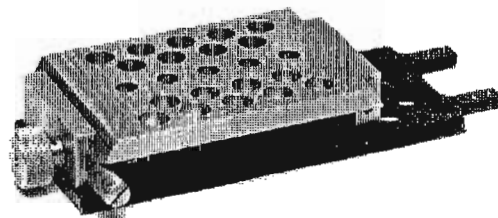

First edition will be Spring 88

The Steadicam Letter begins publication this spring. There has been nearly unanimous interest from the 300 Database respondents. Upcoming issues will include articles, tips, recent credits and a classified and want-ads section. Watch for the serialization of a "soon-to-be-famous-if-you-attend-film-school" book on the Noble Art. We welcome your contributions, including stories, product notices and news. We can print production stills, but please remember to send only photos we can keep. If you are interested in placing an ad (class-

Is this 1.85? My feet hurt.
How can I make this easy?
I smell roast beef. I wish
Ted was here... (instead of
me.) Hi-mode? Lo-mode?
Mid-mode? Nuts-

ified or display), drop us a note. We will send rate info.

The Steadicam Database now contains 30 Categories of Information on 298 Operators from 21 Countries.

Clever, inexpensive side-to-side plate available from Dave Rogers (615) 298 5367

Steadicam Operators Association Planned

Professional Organisation will support Steadicam Operators worldwide. Sign up and help name it.

After 12 years of anarchy, we are planning the Steadicam Operator's Association/League/Society/Guild... You tell us. By whatever name, it will exist to support the professional operator worldwide. Choose "Associate" or "Active" membership, and enjoy the directory, the complimen-

tary "Letter", the discounts on merchandise and numerous other perks. Note that only "Active" members will continue to be listed in the Referral Database. If we tell a potential client about you, we'll send you that client's name and address for your follow-up. Our experience with

the database so far has been extremely positive. We have been providing reports by fax, and clients love it. Associate membership is for former, future or inactive operators, or those who wish to support and/or exploit Steadicam operators(!) Please mark the form and vote if you wish to join.
